

Don't Miss Out on Dental Benefits!

There's still time to sign up.

Enrolling in your company's Delta Dental plan is about more than a healthy smile. You won't want to miss these benefits:

Better Overall Health

People with good oral health are more likely to report having good overall health.¹
Your dentist can detect signs of more than 120 diseases, so regular checkups could help you treat disease early.²

Cost Savings

Pre-established fees, group rates and pre-tax savings all help you save money with dental benefits. And most Delta Dental plans **cover exams and cleanings at little or no cost to you.**

Access to Expertise

As the leading dental benefits carrier in the U.S., Delta Dental provides **unparalleled expertise, one of the largest networks of credentialed dentists and a host of oral health resources.**

Sign up today! Talk with your employer for more information about enrolling in your company's dental benefits.
